Subj: PROPOSED CANCELLATION OF MIL-C-85049, /1 THROUGH /11, /14 THROUGH /21, /23 THROUGH /34, /36 THROUGH /39, /41 THROUGH /65, /69, AND /74 THROUGH /96 AND ADOPTION OF SAE-AS85049, /1 THROUGH /11, /14 THROUGH /21, /23 THROUGH /34, /36 THROUGH /39, /41 THROUGH /65, /69 AND /74 THROUGH /96 (PROJECT NUMBERS 5935-4264 AND 5935-4264-001 THROUGH -084 AND 5935-4265, 5935-4265-001 THROUGH -084)

1. In accordance with current Department of Defense policies concerning documents with both military and commercial applications, the subject military specifications have been converted to SAE documents. These conversions have been done on a word-for-word basis.
2. Since their initial conversion, SAE has balloted and approved revisions to the following documents: SAE-AS85049, /1, /2, /15, /16, /29, /38, /47, /49, /51, /52, /57, /60, /63. Formal release and publication of these documents is awaiting completion of the DoD adoption process.
3. A group cancellation notice for the military documents and adoption notices for each of the SAE documents have been prepared and are posted on the web at www.lakehurst.navy.mil/ssd. Copies of the SAE documents have also been posted on this website for your information.
4. Your comments or concurrence with this proposal are requested within 45 days of the date of this letter. Military activities should indicate custodian, review, or no interest, and designate any comments as "essential" or "suggested". Comments that are unidentified or not supported with justification, will be considered as suggested. Failure to respond will be considered as concurrence with the proposed cancellation of the military documents and the adoption of the SAE documents.
5. Replies should be forwarded by e-mail to dwight.tabit@navy.mil or by facsimile to (732)323-7228, or mailed to Commander, Naval Air Warfare Center Aircraft Division (Code 414200B120-3), Attn: Dwight Tabit, Highway 547, Lakehurst, NJ 08733-5100.
6. After cancellation of military documents has been completed, the Naval Air Systems Command will continue to implement the qualification requirements in the specification until the Society of Automotive Engineers has established an acceptable qualification process. In the interim, the current Qualified Products List, QPL-85049, will be updated and published as QPL-AS85049-1.
